Professional Summary

I am an Information Technology student passionate about programming, database management, software development, and front-end development. I enjoy building practical, user-friendly applications and continuously improving my technical skills by learning new technologies and working on real-world projects. With a strong commitment to self-growth, problem-solving, and teamwork, I aim to contribute to innovative solutions while gaining valuable industry experience.

Education

Sri Ramakrishna Institute of Technology, Coimbatore

2024-2028

Bachelor of Technology in Information Technology

CGPA:8.2

Good Luck Matric Higher Secondary school, Mayiladuthurai

2023 – 2024

Higher Secondary Certificate (HSC)

84%

Green Park Matric Higher Secondary School, Namakkal

2021 – 2022

Secondary School Leaving Certificate (SSLC)

88%

Technical Skills

Programming Languages: C, C++, Java

Database: SQL

Coding Platforms: HackerRank, LeetCode

Core Concepts: Problem Solving, Algorithms, Data Structures, Object-Oriented Programming, Database Management Systems

Project

Full-Stack Student Attendance Management System

- Developed a full-stack student attendance management system using HTML, CSS, JavaScript, Node.js, and MySQL.
- Implemented secure student attendance recording, viewing, and management with database integration.
- Designed a responsive and user-friendly interface for efficient attendance tracking and easy navigation.
- Integrated Node.js backend APIs with MySQL to perform CRUD operations and ensure reliable data storage and retrieval.

Experience

Industrial Intern | Bharat Sanchar Nigam Limited (BSNL)

- Completed government industrial internship in telecommunication technologies and network infrastructure.
- Learned concepts of digital communication, optical fiber communication, and broadband technology.
- Gained practical exposure to communication systems and real-world industry operations.
- Enhanced technical, analytical, and problem-solving skills through industrial training.

Certifications

- **Generative AI Tools**-completed training in prompting engineer and handling tools.
- **CyberScurity certification**-Fundamentals of encryption& quantum safe techniques.
- **MATLAB Certification** – Completed training in numerical computing, data analysis, and engineering simulation.

Achievements

- Participated in the Smart India Hackathon (SIH), collaborating with a team to develop innovative solutions for real-world problems.
- Demonstrated strong leadership, teamwork, and communication skills through academic projects and collaborative activities.
- Continuously enhanced technical expertise by completing certifications and developing full-stack web applications .
